

US Capital Partners Provides \$750,000 Facility for Action Craft Boats

US Capital Partners Inc. has put in place custom financing to support the ongoing expansion of a Florida-based boat manufacturer.

SAN FRANCISCO, JULY 2015 – **US Capital Partners Inc.** has provided a \$750,000 growth-capital term loan for Action Craft Boats (“Action Craft”), located in Cape Coral, Lee County, Florida. US Capital Partners is a private investment bank that makes direct debt investments, participates in debt facilities, and has robust distribution for debt and equity private placements for small and medium-sized businesses in the United States and abroad.

“We are delighted to have provided this \$750,000 term loan for Action Craft,” said **Jeffrey Sweeney**, Chairman and CEO at US Capital Partners. “Action Craft was experiencing increased demand for its custom boats, and wished to increase its footprint in Florida and the Southeast. Due to some historical losses and the customized nature of Action Craft’s inventory and collateral, the company was having difficulty finding financing. Rather than approach this finance opportunity solely by evaluating long-term historical performance and collateral, as most traditional banks had done, US Capital Partners was able to leverage Action Craft’s strong recent quarters and increased purchase order pipeline to provide this timely growth-capital term loan for the business.”
